GENERAL DESCRIPTION AND MAJOR FEATURES

The PRO-MOTION Scrolling Motion Display is a 36" X 48" backlit sign that can handle up to 15 different images on one individual sign, with the ability to display an image from 3 seconds to 240 minutes each.

MAJOR FEATURES

The A0 Sign is equipped with state of the art control and sensor systems to provide long term dependable operation. Quality manufacturing and design make these signs very appealing for any application. The combination of back light, vibrant color, and movement will present any image in the perfect light.

OPTIONS & ACCESSORIES

An optional floor mounting pedestal stand, Part Number 7103, is available. Signage can also be mounted to, or be built into the wall using the optional Wall Mount Kit Part Number 7060. Optional Remote unit, Part Number 8241, enables user to manually operate sign from a distance.

SERVICE CONSIDERATIONS

1 Year Warranty on all parts (Labor not covered)
