A2 Portrait Sign shown with optional floor stand, Literature Rack, and caster kit

GENERAL DESCRIPTION AND MAJOR FEATURES

The PRO-MOTION Scrolling Motion Display is an 18" X 24" backlit sign that can handle up to 18 different images on one individual sign, when printed on 4 mil polyester backlit film, with the ability to display an image from 3 seconds to 240 minutes each.

MAJOR FEATURES

The A2 Sign is equipped with state of the art control and sensor systems, to provide long term dependable operation. Quality manufacturing and design make these signs very appealing for any application. The combination of back light, vibrant color, and movement, will present any image in the perfect light.

OPTIONS & ACCESSORIES

An optional floor mounting pedestal stand, Part Number 7085, is available. Table Top Stand, Part Number 7087, and Wall Mount Kit 7089 are also available. A Caster kit for the floor stand, Part Number 7086, and the table top kit, Part Number 7088, is also available.
