(Special colors will need to be quoted at time of order)

*A3 Sign shown with optional tilting stand*

## GENERAL DESCRIPTION AND MAJOR FEATURES

The PRO-MOTION Scrolling Motion Display is a 12" X 18" backlit sign that can handle up to 25 different images on one individual sign, with the ability to display an image from 3 seconds to 240 minutes each.

## MAJOR FEATURES

The A3 Sign is equipped with state of the art control and sensor systems to provide long-term dependable operation. Quality manufacturing and design make these signs very appealing for any application. The combination of back light, vibrant color, and movement will present any image in the perfect light.

## OPTIONS & ACCESSORIES

An optional floor mounting pedestal stand, Part #7095, or an optional tilting stand, Part #7097 is available. Signage can also be mounted to, or be built into the wall. A 12-pocket EZ Change scroll, Part #5869, enables user to change individual images without reprinting the entire scroll.

## SERVICE CONSIDERATIONS

1 Year Warranty on all parts (Labor not covered)
