(Special colors will need to be quoted at time of order)

GENERAL DESCRIPTION AND MAJOR FEATURES

The PRO-MOTION Scrolling Motion Display is a 36" X 50" backlit sign that can handle up to 15 different images on one individual sign, with the ability to display an image from 3 seconds to 60 seconds each.

MAJOR FEATURES

The A0 Sign is equipped with state of the art control and sensor systems to provide long-term dependable operation. Quality manufacturing and design make these signs very appealing for any application. The combination of back light, vibrant color, and movement will present any image or brand in the perfect light.

OPTIONS & ACCESSORIES

An optional floor mounting pedestal stand, Part Number 7104, is available. Signage can also be mounted to, or be built into the wall, with optional wall mount kit, Part Number 7061.

SERVICE CONSIDERATIONS

1 Year Warranty on all parts (Labor not covered)
